VICTORY LIBERTY LOAN DRIVE FORMALLY LAUNCHED IN CHARLEROI

Splendid Meeting, good program, and Excellent Interest

CAMPAIGN OPENS ON MONDAY

The Victory Liberty Loan campaign in Charleroi and the eastern area of Washington county was formally opened before a representative audience of Charleroi citizens, at the Methodist church, Tuesday evening. Quite a number of visitors were also present, workers coming from Monongahela, North Charleroi and other nearby points to secure data on what was expected of them in the coming campaign. Among these visitors was A. L. Phillips of Washington who will conduct the campaign in the western area of the county, and who will have the task of selling over four million dollars' worth of bonds.

An excellent program had been prepared for the gathering of workers, not only along the lines of campaign w ork, but in a social way many features being introduced which added novelty as well as interest.

Kerfoot W. Daly, chairman of the eastern area campaign, called the meeting to order and C. E. Towner of Monongahela, offered a short prayer, after which Rev. Mr. Rees sang a solo. Mrs. L. S. Vowell, chairman of the Women's Committee of Washington county, was then introduced, who spoke briefly on the work of the women in the past loan campaigns, and what they hoped to do in the coming Victory Loan. Mr. Daly then introduced John D. Berryman, who will have charge of the campaign in Charleroi and who after a few pertinent remarks on the importance of the work in hand, took charge of the meeting. A ladies' quartet rendered a vocal selection, after which Mrs. Guy Stewart McCabe, a reader, from Pittsburg, w as introduced, and in an impersonation, told the story of "Henry Melville," who gave a boy's viewpoint on the general financial situation. Following Mrs. McCabe's presentation, Master Glen Heaton sang, "Keep the Home Fires Burning," after which Sergeant Brecht, late of the Engineers, and who saw strenuous service overseas, was introduced. His address related largely to the stupendous preparations which the United States made in order to continue the war, as it was supposesd it would last for a number

"Germany was not licked," said the Sergeant, "but she was being licked. When her leaders and ruling class saw the mighty preparations that the United States was making and what this country was capable of accomplishing, they realized they were up against a losing battle, and quit. The Germans were being licked and would have ultimately been on their knees, but they signed the armistice to save themselves." He pointed out the necessity of spending vast sums of money in order to bring about the cessation of hostilities, which was accomplished in less than two years after the United States entered the war.

Miss Stella Weir a representative of the Red Cross, who saw much active service in France, was then presented and in an interesting manner s poke on the "line of communication," telling of the work of the Engineers who were compelled to keep these lines open as well as prepare for the advance of the army beyond "No Man's Land."

Mr. Phillips, of the western area, was also presented, and made a brief talk and after a closing prayer by Rev. Duty the meeting adjourned.

Indications point to an intense but successful campoign in the Charleroi district, every prospect pointing to the fact that the quota will be subscribed for within the required time. Other local districts are preparing for thecampaign and before Saturday night every section of the county will be ready for the "drive."

CHARLEROI COUPLE MARRIED IN WELLSBURG

Miss Joanna Balogh, daughter of Mrs. Jennie Balogh, and Lawrence E. Cosner all of Charleroi, were married at Wellsburg, W. Va., April 10th and announcements are now being sent to their friends. They will reside in Charleroi. Mr. Cosner only recently returned from twelve months' service in France with Co. A of the 27th Engineers.

FORMER RESIDENT A BEAVER GRADUATE

Among the students at Beaver College this spring who will receive certificates in the supervisor's course in public school music is Miss Margaret M. Jenkins, daughter of Mr. and Mrs. Andrew Jenkins, formerly of Charleroi and now of Monongahela. There will be five all told from Monongahela to receive certificates, Monongahela being the best represented town or city in honored students at the Beaver institution. Others in addition to Miss Jenkins are: Miss Josephine Todd, Miss Evlyn Calvert, Miss Sarah M. McAllister and Miss Gladys Landefeld.

Beaver College is to receive first support under the Pittsburg Area, Methodist Episcopal centenary plan, on which Charleroi Methodists are now working, a fund of a quarter million dollars it is understood to be applied early to the needs of the institution. New buildings will be erected to make the college one of the greatest colleges for women in the country. Other funds will come under a million dollar endowment plan.

Having taken care of thehome fires during the war, it is now up to us to take care of the "loan" fires in time of peace.

WIKSTROM WEDDING THURSDAY EVENING

Thursday evening of this week there will take place one of the largest and most elaborately appointed weddings for years in this locality at the home of Mr. and Mrs. Malcolm Wikstrom of Fourth street, Lock No. 4, Pa., when their daughter Miss Annetta Wikstrom will be united in marriage to Zenobe Baudoux at 7:30 o'clock. Rev. Kerr, Presbyterian pastor of Canonsburg, will perform the ring ceremony in the presence of immediate relatives and a small circle of friends.

The marriage will take place before an altar of palms and spring flowers, built in a most attractive manner. Miss Ingeborg Wikstrom sister of the bride will be maid of honor, while bridesmaids will be Miss Estelle Baudoux, sister of the groom; Miss Ruth Westberg of Ambridge, Pa.; and Miss Margaret Ruth of Pittsburg, formerly of Monessen. Attorney Guy R. Moffitt of Charleroi will be the best man. Egie Risen and William Mathias will be two of the three ushers.

Bridesmaids will wear gowns of pink and blue organdie and carry spring flowers, while the maid of honor will be attired in pale pink beaded satin.

The bride is a daughter of Superintendent M. Wikstrom of the Pittsburg Steel Products company of Monessen. She was educated at Seton Hill college in Greensburg and finally at Stockholm, Sweden. The groom is the son of Mr. and Mrs. Amel Baudoux of Charleroi and is department superintendent at the Allenport plant of the Products company. He was employed by the same company in Monessen four years and is very popular among his fellow workmen. The happy young couple will leave immediately on an Eastern wedding tour which will include an ocean trip.

HAVE NO GROUNDS; CANCEL BALL GAMES

The Washington high school baseball team has been compelled to cancel its spring schedule of games because it could obtain no grounds on which to play. This incident calls to mind the fact that but few towns in this section of the state have any suitable base ball grounds, amateur players being compelled to put up with makeshift diamonds, ofttimes almost unfit to play on. And this suggests the thought that municipalities might concern themselves a little more about the acquisition of playgrounds in which a baseball diamond would be a feature.

MINERS WIN THEIR POINT IN COAL BUYING

In the controversy between the miners' unions and Mr. Hines, director of railroads, the miners have gained the point of making public all contract prices, as well as the names of the successful bidders for railroad coal. This phase of the situation had been previously agreed to by Mr. Hines, but it appears some of the purchasing agents were ignoring the order, when the miners' officials called attention to it. The result was that Mr. Hines has directed that full publicity be made in all such contracts.

BURGLARS FAIL TO GET ANY MONEY

THEIR BLOOD CRIES OUT

Seventy thousand American soldiers, who gasped away their lives along the frontier of freedom, will rest eventually in the proposed great American memorial cemetery in northern France.

Today they lie as they were buried hurriedly after every battle. Near where they fell.

And the blood of every one of them cries out to us to see that the job they died in doing is finished right.

That we do not prove ourselves quitters, now that the big danger seems past. That we prove true to our ideals. Stand by humanity to the end.

Maintain the honor of America before the world.

We sent these boys away, headed for the firing line, with all the pomp and panoply of the rising tide of our war spirit. We pledged them our united and enthusiastic support. We told them we were with them to the end. That freedom, and liberty and right must prevail; that Uncle Sam might have our last penny, our last effort. That no sacrifice would be too great.

Are we going to prove false to all those pledges now?

Hardly, with the blood of 70.000 martyred Yanks crying to us from the serried fields of France.

Hardly, when every day we have to look their fellows in the face.

Hardly, when we see their crippled and limping comrades on every hand.

Hardly, while conscience still whispers to us that duty calls.

And we still place any value on self respect.

We must make good with these martyrs and Uncle Sam.

Answer the call of blood, the call of duty.

Subscribe to his Victory-Liberty Loan.

Prepare to make good.

SHORT LIVED

Political hysteria which peridically develops in the west and middle west always has been short lived, and now it seems the Non-Partisan League, which has for a time ruled in North Dakota, is going the way of all the rest. Dissension and open rebellion have sprung up to vex the leaders who have profited by their brief reign and it is not difficult to foresee the end. The Non-Partisan League will be buried in the plot with the Greenbacker, the Farmer's Alliance and the Free Silverites. The unmistakable symptoms of dissolution are manifest, for the leaders are openly accusing one another and the rival camps are busy with their fight within the briefly formidable forces. The fundamental difficulty with these "reform" parties is that they have no common ground for association except that they are "out" and want to get "in." Once they are "in" those very human vices of selfishness and greed assert themselves and the excesses are so great that they are revolting. In all of these parties there are numerous men and women who are sincere and honest, but they are so untutored that they are easily made the dupes of the unscrupulous leaders. In each case, however, the greedy men who obtain power overstep the limit and the erstwhile party goes to smash. The Non-Partisan League is in the hearse headed for the common graveyard.—N. Y. Herald.

KICKING THE BUCKET

England has erected a trade barrier against the United States that is more formidable, than any protective tariff the United States has ever had. It includes practically everything the United States has to sell except food. One of President Wilson's "fourteen points." (by the way, where have these points been hiding lately?) if memory has not gone back on us, was that no "economic barriers" should be raised between friendly nations. Also there has been a considerable protest among the free trade adherents against a high tariff in the United States, these persons asserting that it would be a sign of unfriendliness toward our allies in the recent war.

Somehow this whole business seems terribly mixed up, sometimes. We wish the United States to be trusting and kind and pleasant to everybody and want to love our neighbors as ourselves and spread joy and sunshine and happiness throughout the world, and have everybody a brother to everybody else and all that sort of thing, but just as we get to feeling that way about it along comes somebody and just naturally kicks over the molasses bucket and allows the stickiness to spread all over the ground and "gum up the game."

THE ISSUE

Says the Troy (N. Y.) Times: "The North American Review coincides with the view expressed recently by the Troy Times that American politics will divide on the question of internationalism against nationalism, or, as the Review phrases it, Socialism against Americanism Colonel Harvey says: 'Gradually but irresistably the overpowering issue of the coming campaign is forming itself in perfect conformity with the President's activities abroad and his partially formulated program at home. The issue will be Socialism against Americanism.' Mr. Harvey believes that the Democratic party will bow to the 'ruler,' but that the Republican party will step forward and save the Union. He welcomes the test and says that it may as well come now as later. The Republican party, which has fought successfully greenbackism, free silver and other cults, may as well take up the fight against the internationalism of the Socialists. And the Democratic party can never win as the sponsor of a surrender of America's political integrity."

The Victory Liberty Loan has a very pleasing aspect to investors. Its rate of interest is greater than the former Liberty Loans, although it is redeemable after four years. Another feature and one which will strengthen all issues of Liberty Loans is the announcement that it is to be the last loan to be floated by the government. This announcement would indicate that government officials are of the opinion that revenues from other sources will meet all expenses.

Every day almost, men who were drafted or who volunteered into the service of the United States Army are arriving home, all of them glad to be back "in the old home town" once more Undoubtedly it must be a pleasant sensation for these men, many of whom have been absent almost two years, to get back to the home folks again, and resume their former life However, they would not part with their strenuous experience for any price

In the Fourth Liberty Loan campaign in Washington county there were over 48,000 subscribers, who purchased over eleven million dollars' worth of bonds. In the coming Victory Liberty Loan the officials in charge hope there will be even a greater number of subscribers and that the amount allotted to the county will be readily taken. The notes are of the most attractive character, both in interest and length of time to maturity. We will "finish the job" all right and do it in record time.

Our Methodist friends propose to be right up with the procession and are going to clear off their church debt before entering upon the centenary movement, which will begin the middle of May. The action of the congregation in making such a splendid start in this movement, and which they propose to clean up by Sunday next is characteristic of Charleroi spirit, which not only starts something but sees it through to a finish.

Charleroi made a very creditable record last week in raising money for the Belgian babies' fund At least eight hundred dollars are in sight, and that is certainly a splendid record. If all towns will be as generous in proportion as Charleroi, it will be a long time before the Belgian babes will want for anything.

Maybe business is not just as brisk as it might be, but once we get the peace terms settled, and the world learns just "where it is at," there may be a better prospect for reward industrial activity.

INTEREST GROWING IN SPECIAL SERVICES

Interest grows in the evangelistic meetings being held at the First Christian church, there being quite an increase in the size of the audience last night. Mr. Woods, the song leader, rendered for his solo; "Somebody Cares," and the minister spoke from the subject "Good Master, what good thing shall I do that I may have eternal life?" A delegation was present from Perryopolis, where the minister formerly preached and they promise a larger delegation for Thursday evening. Tonight is Anchor Class night, and the members will attend in a body. The minister's topic will be, "What is the Gospel." and the meeting will be preceded by a half hour song service.

WASHINGTON COUNTY IS THIRD IN LIST

It is exceeded by Allegheny county, whose quota is $117,195,350 and and by Westmoreland county, whose quota is $8,444,600. Washington county's official quota is $7.098,400.

ORIGIN OF MEDICINES

The agents employed for the treatment of disease are taken from the three kingdoms of nature, the vegetble, animal and mineral. Most medicinal substances are taken from the vegetable kingdom and consist of leaves, flowers, seeds, barks and roots. The old-fashioned root and herb remedy, Lydia E. PiPnkham's Vegetable Compound, which owes its success to the vegetable kingdom, has constantly grown in popularity and favor until it is now recognized as the standard remedy for female ills.

PROMOTION WON THROUGH MERIT

Myer Miller for the past three years located in Monessen, has been assigned to the Charleroi district as local manager for the Prudential Life Insurance company, succeeding W. B. Patterson, who was recently transferred to the Mansfield, Ohio district. Mr. Patterson won this new assignment by sheer merit. He labored hard in this field and so successful were his efforts that out of the records of 5,000 assistants he led the pace for the amount of actual business turned in to the company. Through the efforts of Mr. Patterson the business of this district during the past three months reached the greatest proportions ever attained by the company, and his advancement is a source of much pleasure to his many friends, although they were sorry to see him leave Charleroi.

Pittsburg rivermen are reported as bemoaning the fact that mighty coal fleets are not being sent down the Ohio, as formerly. May as well save their moans—for they will never again see the great coal armadas bound southward from the Pittsburrg district. We need the coal for home consumption. And this demand will increase with the coming years.

WAS IN DANGER OF SERIOUS ILLNESS

James Duffy of Pittsburgh Tells How Ten-Herbs Relieved Him

"Little do we realize to what extent a seemingly slight illness might lead if neglected," said the Ten-Herbs man.

Take the case of Mr. James Duffy of No. 747 Reedsdale street, Pittsburg, Pa., a boiler-maker by trade, and a well-known member of the that city, having been a police officer in the First ward for a number of years. He states:

"For a number of years I have had catarrh of the stomach and was in constant pain had shortness of breath, acidity of the stomach, headaches, dizzy spells, and severe pains around my heart, causesd by gas in my system I was always constipated, my liver was torpid and sluggish; icould never s leep at night and at times I could scarcely get my breath. I had taken a good many different medicines without any relief until I heard of Ten-Herbs and started to take it. Now I am glad to say I have no more indigestion—have a good appetite, sleep fine and am not constipated. I feel that by taking Ten-Herbs in time I avoided a serious illness, as I was gradually getting worse all the time I can't praise. Ten-Herbs enough.

Ten-Herbs, the new herbal stomach, liver and kidney remedy is perhaps doing more to relieve ills of this nature than any other preparation. It is the logical remedy to take, because being made of herbs, roots and berries, it is pure and harmless, and may be taken by old and young. Coming from mother earth, it is nature's own remedy—the kind our forefathers used to take.

Ten-Herbs is sold in Charleroi at Henning's Drug Store.

GOING OVER IN GREAT NUMBERS

Results Very Gratifying

Not much wonder that BA-HA-NI is going over the druggists' counters in great numbers today. What a blessing to find a simple chocolate-covered vegetable tablet that really regulates the bowels and stomach! And in such a nice easy way, too! As a local man said the other day, "you don't know it's going on." BA-HA-NI acts like magic on the organs of the bowels and stomach, which so easily get out of order. It doesn't gripe or leave you in the need of something else but rather makes you think you haven't taken a thing except for the fact that your bowels and digestive organs are in perfect condition! No more need for that dreaded course of calomel! Just a BA-HA-NI tablet after your evening meal and then nothing but good health! For sale by Hennings Drug Store and leading druggists everywhere.

ADVERTISE YOUR FURNISHED ROOMS IN THE CLASSIFIED COLUMN OF THE CHARLEROI MAIL

A Bolsheviki meeting at Farrell Monday night got a "short shift" from the Burgess and citizens of the town. The hall was packed with an audience to hear the speaker, who finally reconsidered his determination to make an address and tried to get away. The citizens, angry over the attempt of these people to stir up trouble in their town, had marched to the meeting place ready to take drastic action and it was only the action of some cool heads that prevented a conflict. The speaker was placed in an automobile and sent out of town with an admonition not to come back and the meeting quietly disintegrated

Tired, Nervous Women What You Need is Vinol

The reason we recommend Vinol so strongly for such conditions is because it is a non-secret remedy which contains Beef and Cod Liver Peptones, Iron and Manganese Peptonates and Glycerophosphates, the very elements needed to build up a run-down system and replace weakness with strength.

HERE IS PROOF

Glasgow Jct., Ky.
"I was suffering from a nervous breakdown — loss of flesh and poor appetite so I could hardly drag around and do the work for my family. My doctor prescribed Vinol. It not only made me well and strong but I have gained in weight."—Mrs. S. M. Gray.

Milwaukee, Wis.
"I was weak, nervous, all run down, no appetite and had taken different medicines without benefit. A friend advised me to try Vinol. It gave me a wonderful appetite, I sleep well, have gained in weight and am now strong and well."—Mrs. E. Strey.

For all run-down, nervous, anaemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy Stomach and Acid Indigestion.

Doubtless if you are a sufferer from indigestion, you have already tried pepsin, bismuth, soda, charcoal, drugs and various digestive aids and you know these things will not cure your trouble—in some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little bisurated magnesia—not the ordinary commercial carbonate, citrate, oxide or milk, but the pure bisurated magnesia which you can obtain from practically any druggist in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat.

You will find that provided you take a little bisurated magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and moreover, the continued use of the bisurated magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.
